Woodcrest's Fall Family Festival

After years of growth, Woodcrest is excited to expand our popular Auction and Kids Camp Bonanza to a weekend of family fun. 2020 saw our largest youth turnout and one of our best for the auction, raising over \$20,000 for the summer camp program of Woodcrest.

GOAL: The purpose of the Fall Family Festival is to provide activities for the whole family in a safe, fun environment while raising awareness and money to meet the intentional shortfall of summer camp. We purposefully keep our camper fees below cost to make a week of camp more affordable for families.

EVENT: This year's event will span two days and include new activities and tournaments to bring together family and friends for a great cause. See schedule on reverse side.

CROWD: Based on estimates from the past years, we anticipate drawing 200-300 folks on Friday evening and 300-500 for Saturday. This two day model is a trial event designed to capitalize on past growth.

FOOD TRUCKS: Family and fun are always better with food and so we are expanding our food options for this year's event. A Food Truck Festival will have a prominent place in helping us gather together. For our introductory year we are offering a **free space** for food trucks to set up in our main athletic field (the hub of the events). Donations will be accepted to go toward our event goal of \$30,000. We are limiting participation to 5-8 food trucks hand selected to offer a variety of options that will appeal to the Woodcrest families. Special attention will be given to local and unique food trucks that offer fun foods for the whole family.
