

2025 Summer Testimonies

Parents:

- Our son is an introvert and loner but when it comes to Woodcrest he becomes a different kid. He has had his challenges over the year but Woodcrest has met him where he was and has become a safe space for him.
- My son loved his counselor, Micah! He loved how Micah gave personal examples from his life when he was explaining the lesson for the day. Micah was very personable and warm, making Miles feel comfortable.
- Over the last 12 years our son continues to grow and flourish through your program. We are so thankful to you all. But also, the care you put in your staff to be able to support kids from all walks of life.
- I always feel it is a great reset for what is important in my kid's life! Nature, relationships and Jesus. She always talked about Nature Shack and can still catch her singing Pharaoh Pharaoh. I appreciate how drinking water seems easy to get on these hot summer days and the safety of needing a driver's license/signature for pick up. First day check-in was also really easy!
- We are still encouraged that over the last 10 years that our 3 children have attended Woodcrest, you are keeping Jesus at the center of the camp experience
- My camper really liked his counselor, Malachi! When I asked him the first day if he made a new friend, he said his friend was his counselor, Malachi. :) This was his first year of camp and Malachi did a good job of caring for him, even though I know he was absentminded, and lost something every day on the first few days of camp.
- She attended the mini-camp last year and absolutely LOVED it! She was very excited to try the extended week this year. It's been wonderful watching her attend a camp where she feels safe, where her faith is encouraged and where she's genuinely excited to attend. I'm thankful for Woodcrest: for your kind & caring staff and for spreading the love of Jesus to the next generation. Keep up the good work!

Campers:

- I was a bit nervous at the beginning, but I made a bunch of friends
- At the start of camp, I wasn't feeling confident. This week I made lots of new friends and was surrounded by a Christian environment.
- At the beginning of this week I was kinda nervous. Then I got braver, made new friends, and learned how to absorb Bible lessons. I had a great time!
- I realized that I don't have to be cool. I can just be myself.
- This place is my favorite place in the world, please never stop making it fun

Attendance

- 2,001 Total Camper Enrollment
- 1,155 Individual Campers
- 810 Families

Impact

- 35 First time commitments to Jesus
- 66 Rededications to Jesus
- 20 Campers Connected to a church
- About 300 Churches Served
